**Agenda Item E.3.**

**POLICE RISK MANAGEMENT GRANT FUNDS**

**ACTION ITEM**

**ISSUE:** The Police Risk Management Grant Funds Historic Usage Report is attached to ensure members are aware of the available grants for their agencies. Members are encouraged to share their use of the funds and provide suggestions for funding going forward.

The committee annually requests funding for the grants. The grant amount has been \$50,000 since 14/15, the Board approved an increase to \$100,000 effective 7/01/2024. Program administrators are comfortable keeping funding at \$100,000 for the upcoming year if no objections.

**RECOMMENDATION:** Provide feedback and direction regarding grant program for FY 25/26.

**FISCAL IMPACT:** To be determined.

**BACKGROUND:** The Board approved a FY 14/15 budget of \$50,000, this grant amount was originally set aside for the purchase of body-worn cameras. Since then, once a body camera program is fully funded the member agency has the option to use the funds for other safety and risk management uses such as data storage for body cameras, ballistic vests, vests with load bearing carriers, and officer wellness and fitness. The annual grant fund amount was increased to \$100,000 for FY 24/25.

**Agenda Item E.4.**

**WELLNESS DISCUSSION**

**First Responder Wellness**

**ISSUE:** Seeking mental and behavioral health treatment for first responders can feel overwhelming and first responders may question if their experiences and stressors are severe enough to seek help.

**RECOMMENDATION:** Utilize First Responder Wellness to treat PTSI, addiction, alcohol, anxiety, and depression.

**FISCAL IMPACT:** None expected at this time.

**BACKGROUND:** First Responder Wellness carefully designs programs to help public safety professionals recover from trauma while increasing their overall well-being. They are committed to providing confidential, trusted, and effective treatment. This approach ensures that clients will have safe transitions back to their careers and personal lives.

They use a comprehensive approach to treatment and believe in incorporating family systems support. First Responder Wellness provides trauma-based mental health treatment designed by experienced and culturally competent professionals.

**ATTACHMENT(S):** West Coast Post-Trauma Retreat (WCPR)

## WEST COAST POST-TRAUMA RETREAT (WCPR)

WCPR is for first responders whose lives have been affected by work experiences. It is a residential program providing treatment, education, and peer support designed to help current and former first responders recover from work-related stress, including post-traumatic stress injury (PTSI).

WCPR is offered in California, Washington, Oregon, Kansas, and Indiana.

### OVERVIEW OF THE PROGRAM

Through intensive debriefing and peer support over 6 days, first responders at WCPR retreats work through traumatic experiences, learn to understand their reactions, and develop skills to deal with painful memories and new critical incidents. They leave the retreat with new insights, positive coping skills, a focus on resilience, and a new peer support network. Volunteer staff includes two clinicians, up to 12 first responder peers, and a non-denominational chaplain. Retreats are limited to only 6 clients.

### HOW TO KNOW IF WCPR IS RIGHT FOR YOU

If you are experiencing depression, anxiety, isolation, suicidal thoughts, sleep problems, relationship stress, work difficulties, the loss of a spouse or partner, addiction issues, or are having trouble coping with daily activities, WCPR may be able to help even if previous counseling and/or medication didn't.

If you would like to attend WCPR, call for an initial 30 minute intake interview to determine if the retreat is a good fit for you. Call (415) 721-9789 to speak with the Intake Coordinator.

### WHO WE ARE

Our programs are staffed by experienced first responder partners, mental health clinicians and chaplains, specifically trained in trauma recovery.

Peers, clinicians, and chaplains volunteer their time while participating in the retreats.

Clinicians close their practice for a week, peer support members spend vacation, comp time, or trade shifts, taking time away from their families, and chaplains take time off of their jobs.

Why do all of these people give of their time? Because they 'get it' and they care.

Our staff and volunteers are committed to diversity, equity, inclusion and belonging in our work and offer a brave space for every First Responder and partner.

RCMP PTSD by Daniel Sundahl

### **Retreat Dates**

WCPR attendance begins with the intake process. There is a wait list and placement can vary depending on a number of factors. For the confidentiality of our clients, we do not publish retreat dates or locations.

[Contact us](#) for more information.

### **Retreat Cost and Payment**

Please call 415-721-9789 for the most current retreat cost.

WCPR Clients have a number of payment options, including: Worker's Comp, unions/associations, self-pay, and scholarships. Private insurance does not generally cover our programs.

Visit our [Scholarships](#) page for more information.

## **TESTIMONIALS**

*I feel this program not only saved my life but also my sanity. I thought I was the only one who felt like I did and I was wrong.*  
~ WCPR client

*There was no touchy/feely group hugs, etc. Just well organized instructions & discussions that helped make sense of the way I'd reacted to some chaotic events.*  
~ WCPR client

*Before coming here I was living in a house full of circus mirrors. My life was so distorted. Thanks for giving me a normal mirror and allowing me to see my true self again.*  
~ WCPR client

*It seems like saying "thank you" isn't enough, so i will make you a promise. I will choose to live.*

**TECHNOLOGY DISCUSSION**

**INFORMATION ITEM**

**ISSUE:** PRMC members will be asked to share their experiences with technologies such as artificial intelligence, body cameras, drones, less lethal options, robots, vehicles, vehicle pursuits,

LEFTA Systems: Documenting, storing, and analyzing individual and organizational performance indicators can be challenging for agencies. In June of 2024, Lexipol, the leader in policy, training, and wellness support for public safety and local government, announced the acquisition of LEFTA Systems, an innovative provider of field training and performance reporting software. This marks a significant milestone in Lexipol's vision to create an integrated solution that will set a new standard for performance excellence in public safety.

Benchmark Analytics: Designed to help law enforcement agencies reverse escalating claims cost resulting from critical incidents and officer injuries. Benchmark's software was created to automate operational reporting and ultimately reduce risk. Cost is included through NCCSIF's participation in CJPRMA.

GrantFinder: NCCSIF has partnered with Lexipol's GrantFinder. Services include access to grants, application help, ongoing support and discounted grant writing services.

**RECOMMENDATION:**

**FISCAL IMPACT:** Unknown

**BACKGROUND:** There are constantly emerging new technologies for police use. Some examples include artificial intelligence, automated license plate recognition, biometrics, body worn cameras and in-car video systems, body worn camera auditing, drones - unmanned aircraft systems, gunshot detection systems, handheld lasers, robots, robotic cameras, smarter police cars, tablets, thermal imaging, vehicle pursuit dart, video doorbells, and video redaction software.

Automate Operations and  
Prevent Critical Incidents

# Executive Summary

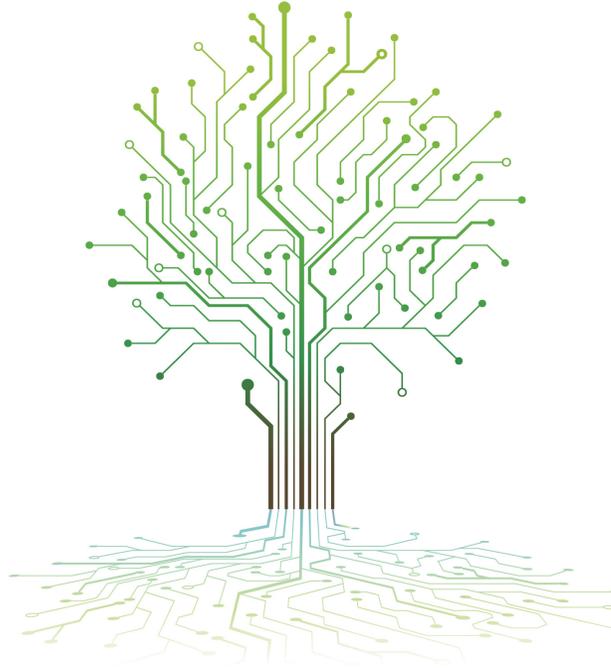

- The Benchmark Blueprint helps law enforcement agencies:
  - keep officers safer
  - keep citizens safer
  - and reduce claim costs.
- Benchmark's partnerships are designed to help law enforcement agencies reverse an escalating cycle of claim costs resulting from critical incidents and officer injuries.

# Who is Benchmark Analytics?

Founded on a mission to advance Public Safety performance through applied data science.

## Benchmark has:

- Government roots
- A heart of data science
- Sole focus on elevating public safety through evidence-based insights

## Benchmark helps:

- Improve officer performance, reduce critical incidents and manage compliance.
- Reinforce trust and transparency with stakeholders.
- Offset or reduce escalating costs of injuries or incidents.

# Step 2: Holistic People Management with the Benchmark Management System® (BMS)

# Step 3: Accurately Identify Officers at Risk with First Sign®

## Why First Sign is Powerful

© Traditional early intervention systems usually flag the **wrong** officer because they use thresholds/triggers. Traditional EIS only get it right 29% of the time. First Sign® models enable agencies to focus on the <5% of their officers who are most at risk.

# Measuring Behavior Changes: Operational Activity Dashboard

Statistical analysis across 26 First Sign clients employing 9,754 sworn officers tracked over a 24-month observation period.

Operational Outcome	After First Sign Alert & Engagement
Arrest Activity <sup>P</sup>	Reduced 6%
Use of Force <sup>P</sup>	Reduced 13%
Severity of Force Applied <sup>L</sup>	Reduced by 2 Severity Levels
Complaints <sup>P C</sup>	Reduced 48%

## Analytic Notes:

- Model statistics derived from 3 level HGLM model that accounts for officer and agency differences as well as random effects
- Models estimate the relationship between the Outcome before and after First Sign<sup>®</sup> risk alerts.
- Percentage values shown represent the amount that the outcome is reduced relative to the at-risk officer's starting levels
- Statistical significance levels represented with  $p < .001$

## Legend:

- P - Poisson Link Function used for count data in HGLM
- L - Linear transformation used for non-count data in HLM
- c - Complaint model coefficient derived from intervention plan date.

**SUMMARY - READ THE ENTIRE SUMMARY**

**Overview:** The intent of the Urban Areas Security Initiative (UASI) program has been to enhance regional terrorism preparedness in major metropolitan areas by developing integrated systems for terrorism prevention, protection, response, and recovery. The UASI program will likely provide financial assistance to address the unique regional, multi-discipline terrorism preparedness planning, organization, equipment, training, and exercise needs of highthreat, high-density urban areas. UASI funds support many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards, including natural disasters and other major incidents. UASI funds may be used for other preparedness activities as long as the dual use quality and nexus to terrorism is clearly demonstrated. UASI funds are intended for regional approaches to overall preparedness and should not regional response structures whenever appropriate.

### NORTHERN CALIFORNIA CITIES SELF INSURANCE FUND

#### ABOUT US

NCCSIF, a Joint Powers Authority, was first formed in early 1979. It is one of the first pooled municipal insurance programs in California. The JPA's purpose is to provide median Northern California Cities a mechanism to self-fund a layer of workers' compensation insurance, as well as to obtain the advantages of group purchase excess insurance. In 1981, a number of the member Cities desired to apply the same concepts of pooling to automobile and general liability coverage.

In 1987 the name of the Joint Powers Authority was changed to Northern California Cities Self Insurance Fund (NCCSIF). NCCSIF now also offers group purchase of property, crime and employee assistance programs (these are not self-insurance programs). Membership has grown over the years to now include twenty two (22) Cities.
