

# Aquatics Risk Management

*Wednesday, June 16, 2021*

*9:30 A.M. to 12:30 P.M.*

---

---

This virtual workshop will cover aquatics risk management practices during COVID-19. This virtual workshop will cover the following topics:

- What operational changes are needed due to COVID-19
- Compliance with federal, state, and local codes and regulations
- Handling recreational waterborne illness
- Maintenance tasks and frequency of inspections
- Effective supervision of aquatic operations

---

---

## About the Speaker

Jim Wheeler of [Total Aquatic Management](#) is a nationally recognized expert on aquatic risks involving pools, water parks, rivers, lakes, and ocean beaches.

## Who should attend?

*City employees responsible for managing aquatic facilities, as well as those who are involved in aquatic and swimming programs and services. Risk management staff may also want to attend this workshop.*
